- Note 1. Since Resona Bank applies Japanese domestic standard with regard to capital adequacy regulation, transitional Basel 3 rules are also of the domestic standard.
- Note 2. The amount figures shown in the item 8 of each capital instrument are the amount before considering deduction or caps under Transitional Rules, despite the fact that Eligible Non-cumulative Perpetual Preferred Stock and Eligible Capital Instrument included in Core Capital are deducted gradually during the transition period, and that Cap rules based on the Total Capital are applied to the total of Eligible Capital Instrument subject to the transitional arrangement.
