Outline of Financial Results for 1H of FY2020

■ Net income attributable to owners of parent: JPY56.3 bn

- Down JPY20.5 bn, or 26.7%, YoY
- Progress rate against the full year target*1: 1H 46.9%, 1Q 18.1%

■ Actual net operating profit: JPY111.1 bn

Down JPY12.4 bn, or 10.0%, YoY

● Gross operating profit: JPY317.3 bn

Down JPY14.1 bn, or 4.2%, YoY

- Net interest income from domestic loans and deposits:
Down JPY3.0 bn, YoY
Average loan balance: +5.19%, YoY, Loans rate: down by 7bps, YoY
[Excluding loans to the Japanese government and others]
Average loan balance: +2.68%, YoY, Loans rate: down by 4bps, YoY

Loans balance surpassed expectation mainly due to increasing loans demand from corporate customers.

Loans rate, excluding loans to the Japanese government and others, was almost in line with the plan.

- Fee income: Down JPY4.5 bn, YoY, Fee income ratio: 29.4%
Progress rate against the full year plan*2: 1H 47.9%, 1Q 22.5%

Although fee businesses started slow in 1Q mainly due to the constraint on face-to-face business activities in the pandemic, they have been back on course of recovery since 2Q.

- Net gains on bonds (including futures): Up JPY5.3 bn, YoY
Increased by building-up trading profits in a timely manner.

● Operating expenses: JPY206.4 bn, improved by JPY1.7 bn, YoY

Both personnel and non-personnel expenses decreased.

■ Credit related expenses: JPY23.1 bn (cost)

Increased by JPY12.7 bn, YoY

In line with the plan in 1H after having posted 31% against the full-year guidance in 1Q due to provisioning loan loss reserves from a preemptive standpoint.

■ Full year target of JPY120.0 bn and full year dividend forecast of 21.0 yen remain unchanged

Overview of the Transaction to Make KMFG a Wholly-owned Subsidiary

On April 1, 2021, KMFG to become a wholly-owned subsidiary of Resona HD

- To provide shareholders of KMFG with different alternatives, while controlling dilution of EPS of the Resona shares, steps below will be performed

(1) Tender Offer*¹

November 11 ~Dec 9, 2020	Acquire the KMFG shares at JPY500 per share
-----------------------------	---

(2) Share Exchange*¹

Effective on April 1, 2021	Conduct simplified share exchange. For the shares that have not been tendered in the Tender Offer, will be exchanged for HD shares with share exchange ratio 1.42 (Number of HD shares required per 1 share of KMFG)
-------------------------------	--

(3) Acquisition of Treasury Shares*¹

Proceed after 100% share acquisition	Acquire treasury shares to restrain dilution of EPS due to the share exchange
--	---

Increase in shareholders value

- The impact of making KMFG a wholly-owned subsidiary is nearly neutral in terms of CET1 ratio*²
 - Continue to make efforts to further expand shareholder returns while considering such factors as the balance between financial soundness and profitability, and opportunities for growth investments
- Neutralize dilutive effect on EPS from share exchange
 - Flatten EPS by share acquisition
- Increase in BPS
 - Net asset value of KMFG to be acquired > Acquisition value

*1. For more details, please see the press release on November 10, 2020, "Notice Regarding the Execution of the Share Exchange Agreement (Simplified Share Exchange) for Resona Holdings, Inc. to Make Kansai Mirai Financial Group, Inc. a Wholly-Owned Subsidiary"

*2. Based on the finalization of Basel 3 excluding unrealized gains on available-for-sale securities

Background and Purposes of Making KMFG a Wholly-owned Subsidiary

- Prolonged negative interest rates and the competitive environment surrounding banks due to the participation in financial business by other industry players as well as the ongoing spread of COVID-19 have been drastically changing the business outlook of regional banks
- HD believes that it is the mission for the group to further extend commitment to Kansai region as well as supporting regional economies and customers, under the COVID-19 situation. Since strengthening the group's management at an accelerating pace would be key to achieve the mission, HD will make KMFG a wholly-owned subsidiary

Further commitment to Kansai region as Resona group

- **Kansai region, the home market for the group, is an area where economic activities are expected to be further vitalized. HD and KMFG are fully committed as a group to grow together with the area**
 - Robust growth to be achieved by distinctive marketing strategies and styles of Resona group banks

Strengthen group management

- **Strengthen group management to support customers and regional society by taking into account the potential impacts from the long-lasting COVID-19 situation**
 - Accelerate achievement of "Retail No.1" as Resona group
 - Strengthen capital base and improve return on assets (ROA) by reducing profit outflow outside Resona Group

Accelerate integrated management through strengthening corporate governance

- **Ensure to accomplish the current mid-term business plan**
 - Execute plans as a group to achieve group synergies of JPY11.0 bn (Expected when the mid-term business plan was released) by the end of FY2022
 - **Promote further cost reduction by optimizing management resources**
 - Slim down the headquarters functions by integrating operations of HD and KMFG
 - Further optimize the Group's channel network
 - Create an efficient operation structure ⇒ accelerate personal relocation beyond entities
- ⇒ Promptly establish an executive committee of the Group to discuss specific measures to be implemented

- **Reallocate human resources across the Group in a bold and flexible manner**
 - Strengthen fields of focus (succession, Omni-Channel, etc.)
 - Strengthen new businesses (digital, IT, etc.)
 - Optimize human resource allocation between KMFG and HD
- **Accelerate and expand downsizing and reallocation of human resources on a group basis by making KMFG a wholly-owned subsidiary**

Business Processes, Sales Approach, Channel Network

Strengthen the overall operation to solve customers issues in terms of both quality and quantity

Reconstruct by shifting mindsets and digitalizing

- Change the mission of the 10,000 administrative staff
- Reduce operational costs through productivity improvement

Transition to a system in which all employees are involved in sales and consulting

- Integrate digital data in real time
- Link data between channels

Enhance customer contact points and reduce costs at the same time

- Further development of area operation
- Reallocate the staff based on market potential
- Integrate bases that are located near each other while pursue downsizing according to each branch's mission
- Accelerate to enhance customers convenience and Group optimization by making KMFG a wholly-owned subsidiary

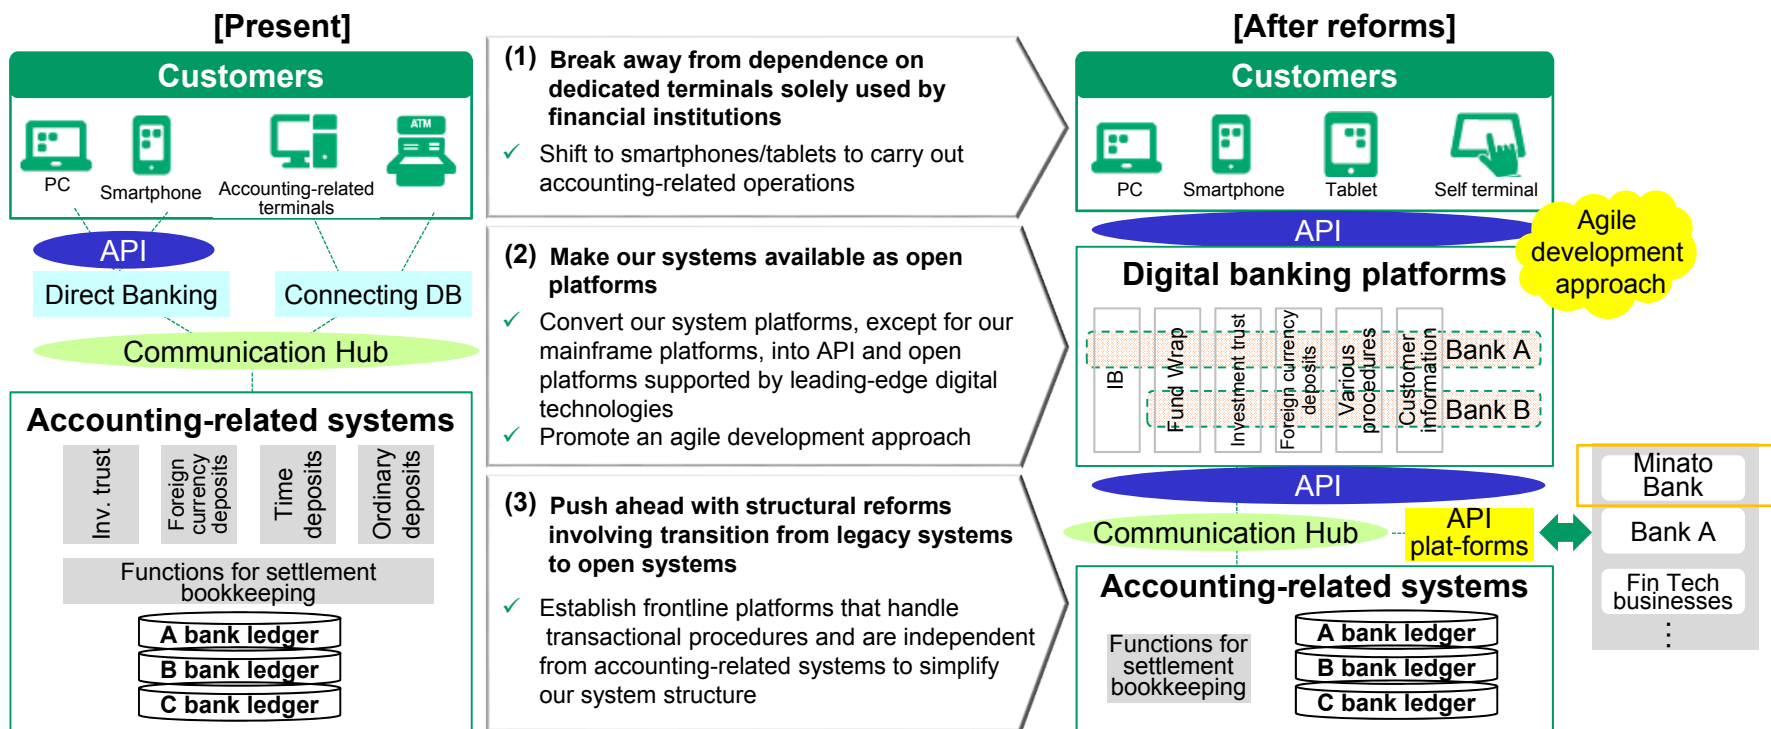

*1. Digital service office *2. To be introduced by the end of FY'20 (RB, SR)

Shrink existing systems with an eye to technological advancement and build next-generation systems

■ Structural system reforms

- Significantly reduce system-related costs for the entire Group
⇒ Shift more resources to strategic investment
- Greatly increase speed, flexibility and applicability in strategy implementation by using API

[Image of system related cost]

■ Integrate MB's systems in two phases, good progress as a test case for alliance with other companies by using API platform

Step 1 Unify customer service systems: Oct. '20 FW

Step 2 Fully integrate MB's and Resona's systems

G (Corporate Governance): Initiatives for Corporate Governance Evolution

Our initiatives to improve the effectiveness of the Board of Directors' operations

Outside directors' meetings

- ✓ Outside directors deliberate on the results of the self-evaluation of the Board of Directors' operations

Free discussion sessions

- ✓ Utilize input from outside directors into such key activities as business strategies in a timely manner

(Main theme) Identification of issues to be addressed in the course of the formulation of the next medium-term management plan

Study sessions and onsite tours

- ✓ Facilitate understanding of the Resona Group's business operations via visits to branches and other bases as well as dialogue with frontline employees

Succession Plan (introduced in Jun. '07)

- Our mechanism for ensuring the succession of roles and responsibilities to be borne by executive officers
- The plan covers a range of individuals from candidates for Group bank presidents to new candidates for executive officers
- Candidates are classified by job rank and systematically undergo selection and training programs

Selection process

- Advice from external consultants
- Nominating Committee members attend each program
- Secure a structure for transparent and fair selection

Training process

Nurture individuals who embody Resona's distinctive strength

Ideal traits of executive officer candidates

Remuneration for directors and executive officers

Resona Group's Brand Identity

The Resona Group's corporate name is derived from the Latin word (*resonus*) meaning "resonate" or "resound" in English

We aim to establish "Resonance Model" by resonance between sustainable society and Resona Group's sustainable growth

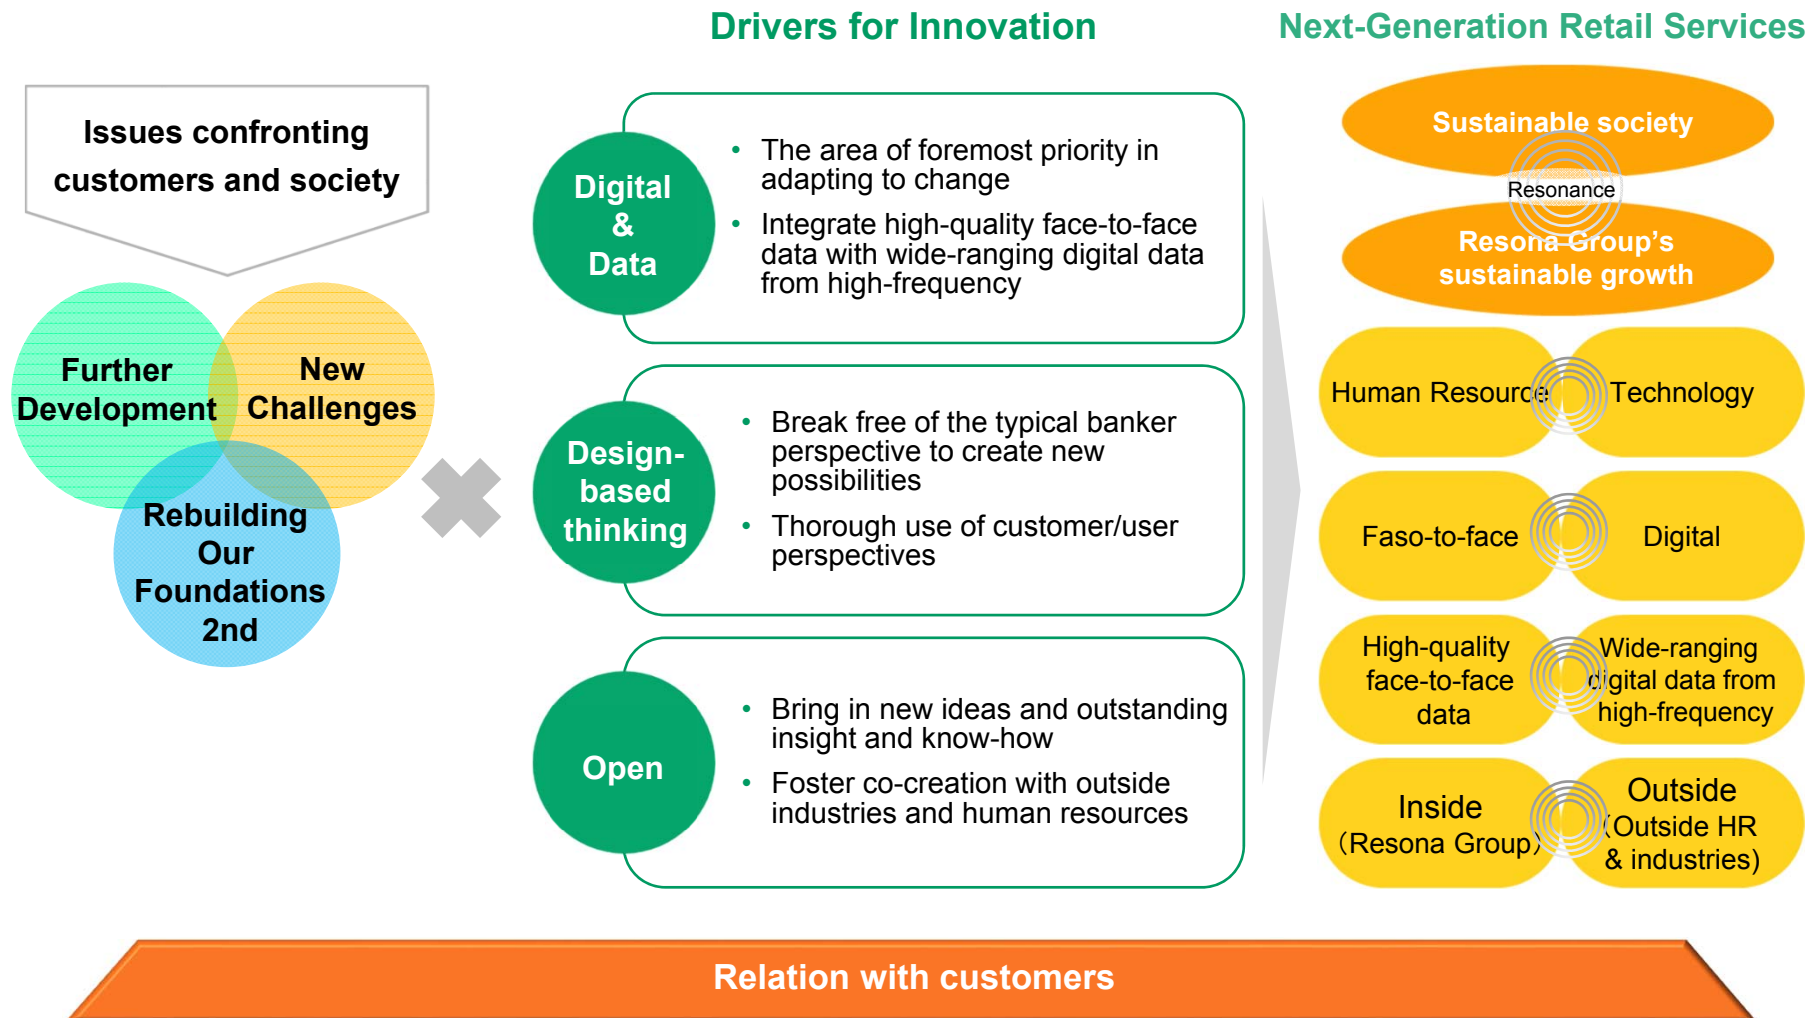

We attach great importance to customers' voice. By adopting the corporate name Resona, we want to express our desire to build stronger ties with communities and customers by "resonating" or "resounding" with them.

Group Logo expresses the resonance between the "R" in Resona and the "R" in the Group's key word "Regional."

Establish “Resonance Model”

We will provide new value to customers, starting from the issues confronting customers and society, by moving beyond conventional banking frameworks through diverse resonance generated by new ideas and wide-ranging connections

Responses to the Ongoing International Discussion over Further Tightening of Financial Regulation

Major items of financial regulation being discussed internationally / Impact on Resona

- With Basel 3 finalized, local authorities are currently formulating the domestic rules.
- At present there is no regulation which cause serious impacts on Resona. We are making preparations steadily for implementation of these regulations.

Major regulatory items	Outline of regulation	Important updates
Finalization of Basel 3 <ul style="list-style-type: none"> Review of Standardized Approach (SA) (Credit and operational risks) Review of IRB approach Capital floor based on SA 	<p>Reviewing credit risk calculation method to enhance the risks sensitivity and improve comparability.</p> <p>Reviewing operational risk calculation method to reflect loss data.</p> <p>New capital floor rule requiring a reference to the SA (final output floor calibration : 72.5%).</p>	<ul style="list-style-type: none"> The Implementation date in Japan is scheduled for March 31, 2023. Common Equity Tier 1 (CET1) capital ratio based on finalized Basel 3 (excluding net unrealized gains on available-for-sale securities) is around 9.1%※ <p>※Trial calculation to CET1 capital ratio of 10.73% as of Sep. 30, 2020 by only taking in consideration the estimated increase in RWAs due to the finalization of Basel 3 (SA and capital floor revisions, fully phased-in basis).</p>
Liquidity regulations (LCR/NSFR)	[LCR] Requiring banks to hold high-quality liquid assets to prepare for significant outflow of funds under a severe stress. [NSFR] Requiring banks to hold certain capital and liabilities for the risk of having illiquid assets.	<ul style="list-style-type: none"> Minimum requirements are applicable to banks subject to the International standard. Implementation schedule of NSFR regulations has yet to be determined.
Leverage ratio	Introduced to complement capital adequacy ratio requirements. Tier 1 capital as a numerator. Exposure amount, not RWA, to be a denominator.	
IRRBB (interest rate risk in the banking book)	To strengthen the interest rate risk management by measuring the decline in economic value of equity (∠EVE) and net interest income (∠NII) under certain interest rate shock scenarios.	<ul style="list-style-type: none"> Pillar 2 regulation. The threshold of ∠EVE is set at within 15% of Tier 1 capital (in case of domestic standard banks, within 20% of Total capital), the figures are within the threshold.
Derivatives-related (Margin requirements, SA-CCR, CVA, etc.)	Requiring banks to pay/receive margins for OTC derivatives not to be cleared by CCP, reviewing the calculation method of derivatives exposure and CVA.	<ul style="list-style-type: none"> Resona is subject to variable margin requirements from March 2017. Initial margin requirements are scheduled to be introduced from September 2022. Adoption of SA-CCR (Standardized Approach) is optional for the time being. Accounting CVA will be introduced from the first quarter of 2021.
Various capital buffers G-SIBs/D-SIBs, TLAC	Capital buffer requirements include capital conservation buffer, counter-cyclical buffer and SIBs' buffer. TLAC requires banks to hold additional capacity to absorb loss.	<ul style="list-style-type: none"> Capital buffers are applicable to G-SIBs/D-SIBs, and banks subject to the International standard. TLAC was implemented in 2019 which is applicable to SIBs.
Discontinuation of LIBOR (the London Interbank Offered Rate)	LIBOR is expected to be discontinued by the end of 2021.	<ul style="list-style-type: none"> Although we don't have so many loan agreements referencing LIBOR, we address properly preparation for customer communication, amendment of agreement, system modification, etc.
